SANDEEP **KAVETI**

UI/UX DESIGNER

https://sandeepkaveti.vercel.app/

- Beeramguda, Hyd, Telangana -502032
- +91-9392525043
- sandeepkaveti436@gmail.com

Experienced UI/UX Designer with 4 years plus of proven success in crafting intuitive, responsive, and visually compelling user experiences across web and mobile platforms. Skilled in bridging the gap between design and development, with a strong command of user-centered design principles, accessibility standards, and modern tools like Figma, Adobe XD, and design systems

WORK EXPERIENCE

▶ **Omega hospitals**   Jun 2025 – Present

(UI/UX Designer)

- Lead UI/UX design projects, focusing on mobile-first design and user-centered principles
- Designed interactive prototypes and wireframes, collaborating with product teams to ensure design feasibility.
- Created engaging video content and motion graphics to support digital marketing campaigns and product presentations.
- Improved user engagement through creative video editing and animation using industry-standard tools.

▶ **Snaptics (UI/UX Designer)**   Oct -2024 - March - 2025

- Conducted extensive user research and analysis to uncover key insights into user needs and behaviors
- Worked closely with design and development teams to refine user journeys and improve interaction flows.
- Developed wireframes, prototypes, and user stories to visualize and communicate design solutions.

▶ **Pinite Info Solutions (UI/UX Designer)**   Apr-2023 - Apr-2024

- Designed user interfaces for web and mobile applications, ensuring a smooth and engaging user experience.
- Conducted user research, created wireframes, prototypes, and user personas to guide design decisions
- Improved user engagement through creative video editing and animation using industry-standard tools.

▶ **Freelancing   (UI/UX Designer)**   Jun- 2021 - Present

- Maintained a high standard of design fidelity, implementing user interfaces that align precisely with UX/UI mockups.
- Collaborated closely with developers and stakeholders to ensure branding, accessibility, and usability best practices were met throughout the design-to-development process.
